

MAKE IT PROFITABLE

Official Lunch & Learn Invitation.

March 31st, 2010

Join Marathon for a free lunch & learn style seminar that is ideal for any business owner or decision maker. We will discuss the key points for understanding investment returns resulting from proper technology solutions. These include the importance of quality service, the changing desktop, the overall IT spend, infrastructure cost reduction, operating cost savings through new technology, what is an appropriate IT budget, how small businesses can benefit from the use of virtualization, the cloud and more.

Space IS limited, reserve your spot now.

Don't let the Competition get the jump on you. The signs of economic recovery are already in place, and if you're not ready, you could lose valuable market share. Marathon's innovative IT Solutions can help you increase your productivity.

Make IT Profitable

Tuesday March 31st, 12:30pm
Microsoft's Corporate Center
